Process Chemicals, established in 1975, is a Western Australian company that provides specialised Process and Industrial Services to the Oil and Gas, Petrochemical, Mining and Power Generation Industries, across Australia and abroad.

### Summary

In an industry where knowledge and capability are keys to success, our qualified Technical Support Staff, Supervisors and Technicians have many years' experience in our core services, and are able to respond effectively and efficiently

to our industry's demands.

We apply an integrated proactive approach with our clients and provide competitive and cost-effective solutions for the services required.

### Description

Process Chemicals, established in 1975, is a Western Australian company that provides specialised Process and Industrial Services to the Oil and Gas, Petrochemical, Mining and Power Generation Industries, across Australia and abroad.

Our Core Services, Hydrostatic and Pneumatic Pressure Testing, Pipeline Services, Chemical Cleaning and Oil Flushing, are the backbone of our company's operations and we continue to expand and improve on these services as clients grow and industry demands evolve.

In an industry where knowledge and capability are keys to success, our qualified Technical Support Staff, Supervisors and Technicians have many years' experience in our core services, and are able to respond effectively and efficiently to our industry's demands.

We apply an integrated proactive approach with our clients and provide competitive and cost-effective solutions for the

services required.

Process Chemicals is an accredited member of National Australia Testing Association (NATA Reg. No. 1831) and is a Quality Assured Company operating a Quality Management System that complies with the requirements of ISO/IEC 17025:2005 and in addition we have been assessed and certified by Compass Assurance Services to the following Occupational Health and Safety management systems, standards and guidelines: AS/NZS 4801:2001 and also internationally recognised standard OHSAS 18001:2007. Process Chemicals values our experience, knowledge and attention to safety as the foundation to being a successful service company and we are committed to providing the highest levels of workmanship and quality to meet our client's needs, allowing our organisations to prosper and develop.

## Accreditations

- > NATA Registration No.1831
- > ISO/IEC 17025:2005 Quality Assured, general requirements for Testing and Calibration laboratories
- > AS/NZS 4801:2001 Occupational Health and Safety
- > OHSAS 18001:2007 Occupational Health and Safety

## Previous Significant Projects

2018

**Woodside Energy - GWF Phase 2 Subsea Rigid Spooling**  
**\$500,000**

**Client: BAE**

Clean and Gauge  
Pressure Testing  
Load Flooding (MEG)  
Control Line Flushing

---

2016

**INPEX - Ichthys LNG**  
**\$8,000,000**

**Client: UGL, Monadelphous, Downer, Lang O'Rourke**

Hydrostatic and Pneumatic Pressure Testing, Nitrogen Helium Leak Testing, Chemical Cleaning, Oil Flushing, Water Flushing, Test Pack Management.

---

2016

**Woodside Energy - Julimar Brunello Susea Spooling**  
**\$300,000**

**Client: BAE**

Hydraulic Tensioning  
Pressure Testing  
Load Flooding (MEG)  
Control Line Flushing  
Function Testing

---

2015

**Fortescue Metals - FRGP 16**  
**\$2,000,000**

**Client: Monadelphous**

Pigging - Cleaning and Gauging  
Flooding  
Testing  
Pigging - Post Clean and Dry

2017

**Woodside Energy - GWF Phase 2 Subsea Manifolds**  
**\$1,500,000**

**Client: CIVMEC**

Hydraulic Tensioning  
Pressure Testing  
Load Flooding (MEG)  
Control Line Flushing  
Function Testing

---

2016

**Shell - Prelude Subsea Vertical Well Jumper Spools**  
**\$400,000**

**Client: CIVMEC**

Clean and Gauge  
Pressure Testing  
Load Flooding (MEG)

---

2015

**Chevron - Wheatstone LNG**  
**\$4,000,000**

**Client: CB&I, Bechtel**

Hydrostatic and Pneumatic Pressure Testing, Chemical Cleaning, Oil Flushing, Water Flushing, Pigging

---

2015

**Chevron - Wheatstone Subsea Spooling**  
**\$4,000,000**

**Client: CIVMEC**

Clean and Gauge  
Hydraulic Tensioning  
Pressure Testing  
Load Flooding (MEG)

2014

**Chevron - Gorgon CO2 Injection Pipeline**  
**\$1,000,000**

**Client: Monadelphous**

Pigging - Pre-cleaning  
Flooding  
Testing  
Pigging - Post Clean and Dry

2015

**SANTOS - GLNG 42**  
**\$2,500,000**

**Client: Saipem**

Pigging - Cleaning and Gauging  
Flooding  
Testing  
Pigging - Post Clean and Dry

2014

**Chevron - Gorgon LNG**  
**\$15,000,000**

**Client: CKJV**

Hydrostatic and Pneumatic Pressure Testing, Chemical  
Cleaning, Oil Flushing, Water Flushing, Pigging

2011

**Southern Sea Water Desalination Plant**  
**\$700,000**

**Client: Southern Sea Water Alliance**

Chemical Cleaning, Passivation, Nitric Acid and HF Flushing

2009

**Adelaide Desalination Plant**  
**\$2,500,000**

**Client: Mc Connell Dowell / ACCIONA**

Chemical Cleaning, Passivation, Nitric Acid and HF Flushing
