

Supplier Engagement Forum for Cat C & D products and services for Hunter Class Frigate Program

BAE Systems - Hunter Class Frigate Program are seeking expressions of interest to attend a supplier engagement forum planned to be held in Adelaide, June 2019.

The purpose of the forum is to update our Australian Supplier Base of the current project status. This will include the anticipated method and schedule releases of work packages.

Companies can nominate up to 2 representatives to attend the forum, by following the link. However, please note dependent upon interest received, attendance numbers may be limited to a single representative from companies.

A formal invitation will be emailed once final numbers are confirmed, which will include the date, timing and venue. It is envisaged that this will be a half day forum.

This forum will be targeting (but not exclusive of) the following areas:

Cat C:

Steel and Aluminium plates

Fabrication (Steel and Aluminium)

Pipe (Steel, Cu, CuNi, Stainless Steel, GRE) and assoc fittings

Pipe Supports

Electrical Cable, cable racking and assoc parts
