

Iron Bridge

Project Overview:	<p>IB Operations Pty Ltd (IB Operations), as agent for the joint venture between FMG Magnetite Pty Ltd and Formosa Steel IB Pty Ltd, is developing a new magnetite mine and associated infrastructure at its Iron Bridge site (Iron Bridge Magnetite Project).</p> <p>The Iron Bridge site comprises the North Star, Eastern Limb, Glacier Valley and West Star magnetite iron ore deposits located in the Pilbara region of Western Australia.</p> <p>The Iron Bridge Magnetite Project will include the execution of a process plant, non-process infrastructure, a slurry and return water pipelines, a raw water pipeline and port infrastructure to support 22 wmtpa production.</p> <p>Delivery of first ore is expected in the first half of calendar year 2022.</p>
Package Title:	Laboratory - Port
Reference:	662NSC4009
Package Description:	<p>At the time of publishing this invitation to register an interest, the Works include design, supply, transportation, pre-assembly, installation/erection, fit out, pre-commissioning and commissioning and other items necessary for the laboratory required for the Iron Bridge Magnetite Project, including:</p> <ul style="list-style-type: none">- all supporting structural elements of the building;- walk-in clean air penthouse, compartmentalised dirty side air chambers;- fit out inclusive of primary Equipment as listed below:<ul style="list-style-type: none">o IR Driero RSD (4-way Diverter)o IR Driero Tray Store (tray rack)o 2 x Filter Presso Oveno Laser PSAo Bencho Dust Extraction (for work stations)- secondary items that includes Equipment support structures and all ancillary items normally supplied with the Equipment;- all instrumentation and instrument interfaces for local and remote interfacing, including all wiring, cabling, junction boxes and marshalling panels as required;- all fans and fan housings, louvres, dampers and noise suppressors, and all required couplings and / or drive belts;- all spares to allow complete assembly; and- all maintenance tooling and protection devices. <p>All Works for this package 662NSC4009 must comply with Australian Standards.</p> <p>The Iron Bridge Project, including this package 662NSC4009 Laboratory-Port is subject to internal approvals. The procurement process or scope, may change at the IB Operations' election, including to accommodate project budget and time requirements.</p>

Expression of Interest (EOI):	<p>IB Operations invites expressions of interest (EOI) from capable and experienced contractors and suppliers, who are safety focused and price competitive for this package 662NSP4009 Laboratory-Port.</p> <p>Interested parties must register an EOI on the ironbridge.icn.org.au</p> <p>Registrants are required to provide the following information as part of its EOI:</p> <ul style="list-style-type: none">a. an ICN Gateway company profile, current in all material respects; andb. completed Preliminary Prequalification Information. <p>IB Operations will use the EOIs to improve its understanding of market capability and interest. Suitable Registrants may be invited to submit a tender for this package 662NSC4009 Laboratory-Port.</p>
EOI Closing Date:	26 September 2019
Target Award Date:	At the time of publishing this invitation to register an EOI, May 2020
Project Contact Officer:	<p>All communications in connection with this invitation to register an EOI for this package, including clarification regarding this package or request for technical support in connection with the EOI or ICN Gateway, must be submitted to:</p> <p>Linus O'Brien, Principal Supply Chain Consultant Industry Capability Network of Western Australia T: (08) 9365 7556 E: Linus.OBrien@icnwa.org.au</p>
Project URL's:	Details of additional Iron Bridge Magnetite Project opportunities will be published on the ICN Gateway at ironbridge.icn.org.au
Disclaimer:	<p>The information contained in this invitation to register an EOI is indicative only and subject to change at IB Operations' discretion. It is intended to provide a brief outline of the relevant Supply which may be required on the Iron Bridge Magnetite Project and should be read in conjunction with the Iron Bridge Project Description on the ICN Gateway.</p>
