

Project Overview:	<p>Iron Bridge Operations Pty Ltd (IB Operations), as agent for the joint venture between FMG Magnetite Pty Ltd and Formosa Steel IB Pty Ltd, is developing a new magnetite mine and associated infrastructure at its Iron Bridge site (Iron Bridge Magnetite Project).</p> <p>The Iron Bridge site comprises the North Star, Eastern Limb, Glacier Valley and West Star magnetite iron ore deposits located in the Pilbara region of Western Australia.</p> <p>The Iron Bridge Magnetite Project will include the execution of a process plant, non-process infrastructure, a Concentrate pipeline, a Return Water pipeline, a Raw Water pipeline and port infrastructure to support 22 wmtpa production.</p> <p>Delivery of first ore is expected in the first half of calendar year 2022.</p>
Package Title:	Canning Basin Raw Water Pipeline
Reference:	662NSC3002
Package Description:	<p>At the time of publishing this invitation to register an expression of interest, the Works for this package required, include:</p> <ul style="list-style-type: none"> • provision of all resources, supervision, labour, transportation, equipment, communications and other items necessary for the logistics, earthworks & concrete, civil works, mechanical works, electrical & instrumentation, pipeline installation, pre-commissioning and commissioning; • ROW and trenching of 170+ km telescopic buried pipeline up to 1200mm diameter; • installation of hybrid pipeline sections from commercially available API 5L lined steel, GRP PN32-40, MSCL and/or HDPE high pressure pipeline; • 55+km non-metallic buried and above-ground gathering pipeline network; • rock trenching activities; • multiple open-cut and trenchless river/rail/road crossings by approved methods e.g. Micro-tunnelling, HDD, Auger Boring and Thrust Boring; • instrumentation and services; • pump station(s) 3000m³/hr capacity, valve stations, pig L/R stations and CP stations; and • supply of accommodation for all personnel including site office space for Principal representatives.. <p>Relevant standards, codes and guides, including Australian standards and equivalent ISO apply to this package 662NSC3002 Canning Basin Raw Water Pipeline. Iron Bridge Magnetite Project, including this package, is subject to internal approvals. The procurement process or scope, may change at the IB Operations' election, including to accommodate project budget and time requirements.</p>
Expression of Interest (EOI):	<p>IB Operations invites expressions of interest (EOI) from capable and experienced contractors and suppliers, who are safety focused and price competitive for this package 662NSC3002 Canning Basin Raw Water Pipeline.</p> <p>Interested parties must register an EOI on the ironbridge.icn.org.au.</p> <p>EOI Registrants are required to provide the following information as part of its EOI:</p>

	<p>a. an ICN Gateway company profile, current in all material respects; and</p> <p>b. completed Preliminary Prequalification Information.</p> <p>IB Operations will use the EOIs to improve its understanding of market capability and interest. Suitable Registrants may be invited to submit a tender for this package 662NSC3002 Canning Basin Raw Water Pipeline.</p>
EOI Closing Date:	14 April 2020
Target Award Date:	At the time of publishing this invitation to register an EOI, September 2020
Project Contact Officer:	<p>All communications in connection with this invitation to register an EOI for this package 662NSC3002 Canning Basin Raw Water Pipeline including clarification regarding this package or request for technical support in connection with the EOI or ICN Gateway, must be submitted to:</p> <p>Linus O’Brien, Principal Supply Chain Consultant Industry Capability Network of Western Australia T: (08) 9365 7556 E: Linus.OBrien@icnwa.org.au</p>
Project URL’s:	Details of additional Iron Bridge Magnetite Project opportunities will be published on the ICN Gateway at ironbridge.icn.org.au .
Disclaimer:	The information contained in this invitation to register an EOI is indicative only and subject to change at IB Operations’ discretion. It is intended to provide a brief outline of the relevant Supply which may be required on the Iron Bridge Magnetite Project and should be read in conjunction with the Iron Bridge Magnetite Project Description on the ICN Gateway.
