

Project Overview:	<p>IB Operations Pty Ltd (IB Operations), as agent for the joint venture between FMG Magnetite Pty Ltd and Formosa Steel IB Pty Ltd, is developing a new magnetite mine and associated infrastructure at its Iron Bridge site (Iron Bridge Magnetite Project).</p> <p>The Iron Bridge site comprises the North Star, Eastern Limb, Glacier Valley and West Star magnetite iron ore deposits located in the Pilbara region of Western Australia.</p> <p>The Iron Bridge Magnetite Project will include the execution of a process plant, non-process infrastructure, a slurry and return water pipelines, a raw water pipeline and port infrastructure to support 22 wmtpa production.</p> <p>Delivery of first ore is expected in the first half of calendar year 2022.</p>
Package Title:	Pipelines Geotechnical Services
Reference:	662NSC3007
Package Description:	<p>At the time of publishing this invitation to register an interest, the Services comprise the provision of geotechnical, Geomorphological and Geophysical services, including:</p> <ul style="list-style-type: none"> • desktop and field geotechnical, geomorphological and geophysical investigations including test pitting, borehole drilling and sampling; • mobilisation of all required personnel, equipment, and consumable materials to Site; • building pioneer tracks where needed; • geotechnical soil analysis, including Standard Penetrometer (SPT's), Dynamic Cone Penetrometer (DCP), Sieve analysis and Soil classification, Multi-channel Analysis of Surface Waves (MASW) survey, Soil Electrical Resistivity Measurement; • acid sulphate soils (ASS) tests, Soil Plasticity Test and Soil Aggressivity Test using a NATA accredited soil testing laboratory; and • preparation of written actual and interpretive reports plus providing risk and design recommendations, comments on soil profile, ground water for sulphate, water pH, Water Chloride, dissolved matter. <p>It is anticipated that the Services will commence in June 2020.</p> <p>The Iron Bridge Magnetite Project, including this package 662NSC3007 – Pipelines Geotechnical Services is subject to internal approvals. The procurement process or scope, may change at the IB Operations' election, including to accommodate project budget and time requirements.</p>
Expression of Interest (EOI):	<p>IB Operations invites expressions of interest (EOI) from capable and experienced contractors and suppliers, who are safety focused and price competitive for this package 662NSC3007 – Pipelines Geotechnical Services.</p> <p>Interested parties must register an EOI on the ironbridge.icn.org.au gateway.</p> <p>EOI Registrants are required to provide the following information as part of its EOI:</p> <ol style="list-style-type: none"> a. an ICN Gateway company profile, current in all material respects; and b. completed Preliminary Prequalification Information.

Iron Bridge

IRON BRIDGE MAGNETITE PROJECT
PACKAGE 662NSC3007 – PIPELINES GEOTECHNICAL SERVICES
SCOPE OF WORK

	IB Operations will use the EOIs to improve its understanding of market capability and interest. Suitable Registrants may be invited to submit a tender for this package 662NSC3007 – Pipelines Geotechnical Services .
EOI Closing Date:	15 May 2020
Target Award Date:	At the time of publishing this invitation to register an EOI, June 2020
Project Contact Officer:	All communications in connection with this invitation to register an EOI for this package 662NSC3007 Steel Pipe - Canning Basin including clarification regarding this package or request for technical support in connection with the EOI or ICN Gateway, must be submitted to: Linus O'Brien, Principal Supply Chain Consultant Industry Capability Network of Western Australia T: (08) 9365 7556 E: Linus.OBrien@icnwa.org.au
Project URL's:	Details of additional Iron Bridge Magnetite Project opportunities will be published on the ICN Gateway at ironbridge.icn.org.au .
Disclaimer:	The information contained in this invitation to register an EOI is indicative only and subject to change at IB Operations' discretion. It is intended to provide a brief outline of the relevant Supply which may be required on the Iron Bridge Magnetite Project and should be read in conjunction with the Iron Bridge Magnetite Project Description on the ICN Gateway.
